

Papa's FISH & CHIPS

PAPA'S Fish Restaurant & Takeaway in Waterloo Street, Weston, continues to go from strength to strength.

The business was founded by Phodios Papa, the father of the present owner, Adam, in 1966 - the same year England won the World Cup! Adam's father took over from him and now the third generation.

Papa's has been honoured with many awards, including Business of the Year and Best Fish and Chips in the South West. We only use quality ingredients, cooking everything fresh to order, having a reliable and hard working team and opening hours to fit in with customers' needs.

Adam said: "We only use the finest ingredients, including Maris Piper potatoes and fresh fish, and we cook in pure refined vegetable oil. All our food is freshly prepared and cooked to order."

Diners will find a delicious array of takeaway and restaurant dishes including Whitby cod, Scottish haddock, skate from Billingsgate, plaice and halibut, rock salmon, tender chicken and vegetarian meals.

The restaurant is licensed and has a selection of beers and wines to compliment your meal. Diners will find a menu serving a surprising number of dishes including Scotch sirloin steaks, freshly baked pies and delicious puddings promoting exceptional English cuisine.

Families are welcome and children will find a menu designed just for them, while a senior citizens' menu is also available from Monday to Friday.

Customers are asked to wait for about 10-15 minutes for their take away order as each dish is cooked fresh to order.

Papa's is open all year round, seven days a week from 11.30am-10.30pm. Orders can also be taken for collection at a convenient time. For more details telephone Adam and his team on 01934 626565.
