

Shahnaz

Contemporary Indian Cuisine

SHAHNAZ is a contemporary Indian restaurant located in the heart of Cheddar.

Proprietors Salim and his brother, Hash, wanted to create a unique dining experience offering quality Indian cuisine in a modern setting, yet retaining personal service and an intimate atmosphere.

This has been successfully achieved in the prestigious surroundings of The Cliffs in Cheddar.

The restaurant and bars are spread over two floors and, even though it has seating for 140 people, it still manages to make every customer feel special. Its ambience and decor is stunning.

The restaurant building, has had a number of uses since being built in the 1900's by Burnell Brothers. It was first operated as a garage for 30 tractors and even provided the village with electricity. In recent years it has been used as a shopping centre with individual stalls, before being transformed to Shahnaz.

Salim, the chef, has more than 22 years experience and specialises in producing regional cuisine from all over India.

Hash, is the host and will ensure any visit to Shahnaz is enjoyable.

Shahnaz started in Cheddar in 1996 and Salim and Hash are really proud of how successful the restaurant has become.

Salim said: "We have worked very hard to gain our reputation. We are lucky in having dedicated, hard working staff members."

Customers who have dined at the refurbished establishment have commented:

■ "Fantastic choice on menu, wonderful flavours."

■ "Excellent food, friendly, spacious and comfortable."

■ "We always have a good evening here and will continue to return."

■ "Great food, fixed menu is a great idea. Friendly and helpful staff."

Shahnaz serves a buffet on Sundays from 12noon. It has a selection of many regional dishes to try and is a good way to sample something you wouldn't normally choose from the menu.

It also has a takeaway service.

Shahnaz is open seven days a week from 12noon-4.30pm and from 5.30-11.30pm.
